A Unique Reference System
The topic could be Latin America or Africa, National Security or the Kennedy Assassination. Whatever the information, The Declassified Document Reference System is the only comprehensive compilation of its kind. Documents are microfilmed by Research Publications as they are released under provisions of the Freedom of Information Act Amendments in 1974.

Issued in quarterly installments, each annual subscription contains on microfiche 3,000 of the actual government documents which helped mold U.S. history over the last 35 years.

Printed quarterly abstracts and indexes, and an annual cumulative index, are included with each subscription. The abstracts and indexes may also be purchased separately.

Also Available
- A Retrospective Collection containing 8000 documents in two hardbound volumes of abstracts plus a hardbound subject index.
- Backfiles from 1975 to the present.
- The annual subscription price for the complete collection (microfiche and abstracts and indexes) is only $725. (Prices slightly higher outside the U.S. and Canada.)
